## THAW'S GUN DRAWN IN ILLICIT PASSION.

Natty and Smiling He Will Plead to Fit of Murderous Fury.

Plan of Action Mapped by His Attorneys Does Not Contemplate Finale in a Madhouse—Entire Story of Harry and His Evelyn Will Be Told—Femininity Summoned by the Prosecution.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Jan. 21.—[Exclusive Dispatch.] Wednesday definitely will witness the beginning of the Thaw trial. Thaw was ready today, calm, confident, and smiling. He was nattily attired in a dark suit, high turn-down collar, crimson tie and patent leather shoes, with a derby hat and long gray ulster to complete the costume.

### HIS PLEA IS FURY.

There is now no longer any doubt that the case will go to a jury. Sufficient hints have been dropped by the attorneys for Thaw to indicate clearly that he will make his fight for life on the general plea of insanity. Not the sort of insanity that results in the imprisonment of the victim in a madhouse, but temporary insanity, a fit of insane fury, which renders a man for the time being mentally irresponsible for his acts.

### PLAN LINE OF ACTION.

The prosecution and defense took advantage of today's lull to tighten their lines, and this plan of action was mapped out by Thaw and his counsel. Thaw will strive to show that at the time he fired the shot which ended the life of Stanford White, he was laboring under the influence of a mighty passion, inspired by an all-sufficient cause, which temporarily deprived him of his reason and rendered him an irresponsible maniac.

### WILL GET FAMOUS BACKING.

This will be the general defense, according to the substantial rumors that were abroad all day today. It will be backed up by the opinions of seven famous alienists, who will assure the jury that while he undoubtedly was deranged at the time the shot was fired, he has been restored to his mental balance. After this there may be testimony tending to prove the causes which brought about the sudden attack of homicidal mania, and here the "unwritten law" may enter into the case.

### WHOLE STORY TO COME.

The entire story of H. Thaw and Evelyn Nesbit and Stanford White will be told to show the impelling causes. Harry Thaw himself will, in all probability, take the stand, as will Mrs. Harry Thaw, and all the other chief figures in the famous international case.

This plan, which was adopted at a

their fighting will be to establish the sanity of Harry Thaw at the time the shooting occurred.

### PRIEST MAKES CONFESSION.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Jan. 21.—[Exclusive Dispatch.] Repentant in the extreme that he should have made so terrible a mistake, Rev. William B. Lazowski, pastor of the Sacred Heart Catholic Church of the Sacred Heart of Bayonne, N. J., is giving the widest publicity to the fact that it was not Stanford White who did a wrong to Polish immigrant girl four years ago, the alleged details of which were published recently.

### "RED LETTER'S" WIFE.

Mrs. J. H. Mansfield Preparing Defense to Suit Against Herself and Thomas F. Walsh.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Jan. 21.—[Exclusive Dispatch.] The former Miss Violet Watson, now the wife of "Red Letter" J. H. Mansfield, has returned to New York to prepare her defense to the \$100,000 suit brought by D. C. Hancock, her former attorney, jointly against herself and Thomas F. Walsh, the mine owner.

### HAS OTHER SURPRISES.

The news of her marriage will astonish many of her former acquaintances here, but she has other surprises in store. Mrs. Mansfield today declared that she is a niece of Walsh. She announced that she purposes to sue him for one-half of a trust fund of \$150,000.

### FINANCIAL WRITER DIES.

Passes Away at Desk as He Turns in His Last Copy for the Night.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, Jan. 21.—[Exclusive Dispatch.] Robert G. Anderson, the widely-known financial writer, one of the financial editors of the Daily Tribune, died suddenly at midnight at

HATTIE FORSYTHE. to be a witness in the Thaw case.

## BUELOW INVITES SAYS MARCONI LIBERAL HELP IS SPIRITUALIST.

HIS SPEECH MAKES IMPRESSION ON GERMANY.

Plan is to Eliminate Catholic or Center Party and Govern Fatherland by Union of Moderate Radicals and Staunch Conservatives—Some Difficulties Still Remain.

(BY DIRECT WIRE TO THE TIMES.)

BERLIN, Jan. 21.—[Exclusive Dispatch.] In independent and progressive circles it is acknowledged the speech by Von Buelow on Saturday announced as clearly as could be expected a willingness of government to cooperate with the Liberals in governing the Fatherland, provided they return a sufficiently strong party to the Reichstag.

His plea for reform of bureaucracy indicates an almost astonishing degree of Liberalism.

The Catholic party also pleases the Liberals because it demonstrates the government really desires to break its connection with the Clericals if the party developments in the Reichstag make such a policy possible.

But the Liberals alone cannot form a majority and they feel that the suggestion of combining with the Conservatives is monstrous. At the same time they admit that much disagreeable cooperation can be mitigated if the Liberal factions play a harmonious tune.

### TEZIUTLAN COPPER EARNINGS.

Pays One Million Over Dividends and Improvements to Its Boston Stockholders.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, Jan. 21.—[Exclusive Dispatch.] It is stated today that the earnings of the Teziutlan Copper Mining and Smelting Company, in operation near Teziutlan, Mex., on the Mexican National line, for 1906, were above \$1,000,000. It also paid during the year \$800,000 in dividends on \$10,000,000 capital from earnings. Over \$600,000 was spent in improvement including an electric road connecting the mines with the Mexican National. The stock is very closely held.

The copper costs are amazingly low being only six cents per pound delivered in New York.

### TERRE HAUTE DEATH LIST.

Latest Figures Show Twenty-nine Dead and Thirty-two Injured.

Cause is Unknown.

(BY THE ASSOCIATED PRESS—P.M.) TERRE HAUTE (Ind.), Jan. 21.—A revised list of dead and injured from the explosion and wreck of the Big Four passenger train No. 3 Saturday night at Sanford, Ind., shows twenty-nine dead and thirty-two injured. Of the dead, eighteen have been identified. Coroner R. H. Leavitt began work on the cause of the disaster today. The cause of the explosion is as much a mystery as ever.

### REPORT JAPANESE.

EL PASO (Tex.) Jan. 21.—Twenty-five Japanese who had smuggled themselves across the border by wading the Rio Grande were captured five miles north of Anapra, N. M., today by United States immigration officers. They were brought here and deported to Mexico.

### PRINCESS D'ANTONI CONVERTS HIM AND OTHERS.

This Medium Holds Midnight Seances at Her Husband's Grave and Claims Wonderful Demonstrations and That She Has Discovered Ancient Roman Mysteries.

(BY DIRECT WIRE TO THE TIMES.)

ROME, Jan. 21.—[Exclusive Dispatch.] Princess D'Antoni, whose conversion of Marconi and other distinguished men to spiritualism has caused much gossip, is said to have held a seance at the grave of her husband at the midnight before Christmas. The story is that this seance was characterized by wonderful happenings and unique spiritualistic manifestations, but their exact nature has not yet been disclosed.

The fame of the Princess as a spiritualist whose powers of clairvoyance are so great she can predict death, has reached America, and she has been asked to go there and lecture of her experiences. She claims to have discovered the mysteries of old pagan Rome through mediumship of a spiritualistic guide named Artaxias, who is supposed to have been a high priest in the worship of the pagan deity, Isis.

### CHURCH LAW IN FRANCE FAILS.

SO SAYS DISPATCH FROM PARIS TO BRUSSELS.

In Provinces Majority Favors Clerics, and Wealthy Women Support Their Institutions—Merchants and Peasants Are Also Disturbed by Untimely Salary Increases.

(BY DIRECT WIRE TO THE TIMES.) BRUSSELS, Jan. 21.—[Exclusive Dispatch.] It is reported from Paris that Premier Clemenceau is unable to enforce the church law in the provinces where a majority of the people are opposed to the vexatious changes. Women of the wealthy classes support the religious establishments and farmers and merchants note with disapproval that the anti-religious law compounds in time with the increase in salaries of Deputies.

The government is declared to be trying to gain time. M. Briand, Minister of Education, is looked upon as only a lawyer and not a statesman.

### MILLIONAIRE NEAR DEATH.

Gen. William J. Palmer in Critical Condition from Paralysis Due to Fall from Horse.

(BY DIRECT WIRE TO THE TIMES.) COLORADO SPRINGS (Colo.) Jan. 21.—[Exclusive Dispatch.] Dr. S. Weir Mitchell, the noted Philadelphia nerve specialist, has been summoned here to treat Gen. William J. Palmer, the millionaire and former railway builder, who is near death from paralysis, as a result of having been thrown from his horse recently.

Dr. Mitchell is at Palmer's palatial home, Glen Eyrie.

## BRITISH LION ROARS LIKE "GOOD FELLOW."

General Outpouring of Indignation Because of Discourtesy to Davis.

Earl Grey Sends to the Department of State Thanking the Americans for Aid Rendered at Kingston and Giving Notice of Investigation Ordered Into Governor's Conduct.

(BY THE ASSOCIATED PRESS—P.M.)

GUANTANAMO, Jan. 21.—The Missouri, Indiana and Yankton arrived yesterday.

It was stated today that Gov. Sweetenham held up Saturday night's dispatches from Kingston regarding his letter to Admiral Davis requesting him to re-embark the American marines who had been landed to assist in the relief work ashore.

### BEGGED DAVIS TO STAY.

Just previous to the departure of the American warships, the Mayor and City Council of Kingston sent a petition to the admiral begging him to remain, and the relief committee, headed by Archbishop Hubbell, threatened to resign.

When the American surgeons left the hospital, the patients wept and begged them and the American warships to stay, and the Red Cross nurses declared that the Governor's action in causing the Americans to withdraw was nothing short of criminal.

### BRITISH COURTESY.

WASHINGTON, Jan. 21.—Mrs. Esme Howard, chargé d'affaires at the British embassy, tonight called on acting Secretary of State Bacon and presented a letter from Earl Grey, principal Secretary of State for Great Britain, regarding the Davis-Sweetenham incident.

In his message, Earl Grey says he is causing an official inquiry to be made to determine the authenticity of the letter purporting to have been written by Gov. Sweetenham to Rear-Admiral Davis.

NEW YORK, Jan. 21.—[Exclusive Dispatch.] Notwithstanding the action of Gov. Sweetenham in declining the assistance of the American navy, Mayor Tait of Kingston, cabled to Mayor McClellan today, asking that the people of New York City aid the residents of Kingston. The message received by Mayor McClellan read:

"On behalf of the American people, I appeal to you and to the generosity of the American people for help. Every house destroyed, money, lumber and building material most urgently needed."

Mayor McClellan announced that he would be glad to receive contributions in answer to this appeal, and that they would be forwarded promptly to the proper authorities.

### DEMERARA KNEW HIM.

Interesting details concerning the career of Gov. Alexander Sweetenham of Jamaica, were told today by James A. Maynard, who knew him during the five years he was Governor of Demerara, British Guiana, just prior to his death to Jamaica.

"Gov. Sweetenham gave an administration that was universally unpopular with our people," Mr. Maynard said. "He desired to be reappointed for a second term of five years, but the leading residents of the colony presented a memorial to the authorities protesting against it."

"During all of his term of office, there were persistent rumors of 'graft.' The first year there was a marked increase of taxes, and when the planters and other wealthy persons protested, they could obtain no satisfaction, and hardly courteous treatment from him."

### DISPATCHES TO WASHINGTON. TENSION IS RELEASED.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, Jan. 21.—Dispatches exchanged today between the British Secretary of State for War and the State Department, made public here tonight, wholly ignoring the letters which passed between Admiral Davis and Gov. Sweetenham at Kingston, have had the effect of relieving the tension of feeling which has existed since it became known that Admiral Davis returned yesterday to Guantánamo from Kingston with his ships which had gone to aid the stricken people of Jamaica.

The message from London is interpreted here as meaning that the British government and people disavow the action of the Governor of Jamaica in requesting Admiral Davis to re-embark his men. The text of the dispatches referred to follows:

"Elmhurst, Secretary of State, Washington: Have read in newspapers this morning what purports to be a letter from Governor of Jamaica. I can only say that on materials before me I entertain as favorable for troops in island feeling of deep gratitude to American admiral for generous assistance tendered at most critical time."

(Signed.) "HALLADAY, Secretary of State for War, London."

To this the following reply was sent: "Halldane, Secretary of State for War, London: The President greatly appreciates your cordial telegram, and is glad that the proximity of this country has made it possible to be of the slightest assistance to the stricken people of Jamaica in this crisis. If, because of this proximity, and pending the arrival of your own warships and transports, we can

## SENDS THANKS TO AMERICA.

BRITISH OFFICIALS FORWARD A MESSAGE FROM GOVERNOR.

Government of Great Britain Also Maintains Its Gratitude for the Aid Rendered by Rear-Admiral Davis—Colonial Office Asked Jamaica Executive for Explanation.

(BY THE ASSOCIATED PRESS—P.M.)

LONDON, Jan. 21.—Replying to a telegram from the British chargé d'affaires at Washington reporting that the State Department had inquired whether Great Britain desired or was willing to accept further assistance in money or other forms of aid for the Kingston earthquake sufferers, the Foreign Office today replied as follows:

"The offer of the American government to give further aid is gratefully appreciated by His Majesty's government. The Governor of Jamaica has not yet reported his requirements fully, but now that the first few days are over, it appears likely that there will be no justification for further calls on the generosity of the United States. In the meantime, His Majesty's government has been requested by Sir Alexander Sweetenham to convey to the government of the United States cordial thanks for the prompt and powerful assistance which the United States navy under Rear-Admiral Davis rendered to the inhabitants of Kingston in their suffering."

### DIFFICULT TO JUSTIFY.

Referring to the withdrawal of the American warships from Kingston, the Pall Mall Gazette this afternoon says that the "language employed by Gov. Sweetenham would be difficult to justify in almost any circumstances."

At the same time, the paper says it thinks "it is possible that a praiseworthy desire to do his utmost in the cause of humanity pushed Admiral Davis beyond the necessities of the case, and led him to encroach too far upon the sphere of British authority." The Pall Mall Gazette assumes that both the admiral and the Governor were actuated by the best of motives, and adds: "Englishmen certainly do not wish the misunderstanding to be magnified in any sense of pique, and the American public ought to be broad-minded enough to regard it with the same charitable disposition."

"In the meantime, the United States can be assured that we in this country deeply appreciate the generous sym-

conference of all the Thaw attorneys with members of his family, held in the office of Dolphin M. Delmar today, is still subject to change, but it is believed it will be carried out substantially as outlined.

### PROGRAMME OF COUNSEL.

Clifford Whithridge will make opening address to the jury, and Delmar will examine and cross-examine the witnesses and make the closing speech. Facing these deft masters of the criminal law, supporting and advising them from the depths of their professional experience and acumen, will be an imposing array of legal talent composed of: David Watson, of Pittsburgh; J. B. Gleason, Daniel O'Reilly, Lewis Delahed and J. Russell Pennington. On the side of the prosecution, Dist. Atty. Jerome will have as his only assistant Francis P. Garvin, but they too will have the support of a group of expert alienists, and the brunt of

his desk, just as he turned to take in his last copy.

He had been a financial writer a great many years. He was born in Halifax, N. S., and his brother, F. Anderson, formerly financial editor of the Boston Globe, is now at the head of the Boston Municipal Publicity Bureau.

### EPIDEMIC RECORD BROKEN.

CHICAGO, Jan. 21.—All epidemic records for a period of twenty-four hours as far back as the typhoid plague of 1903, were broken yesterday when 190 cases of scarlet fever and forty-five cases of diphtheria, a total of 235, were reported to the Chicago health department. Besides these were recorded twenty cases of other contagious diseases. The increase in diphtheria was considered alarming.

## THE CITY IN BRIEF

NEWS AND BUSINESS.

### Midwinter Reception.

The midwinter reception of the Pennsylvania Society will be held this evening in the General Brotherhood hall, No. 845 South Figueroa street. A musical and literary program has been arranged. All Pennsylvanians and their friends are invited. Orders to Idaho.

Charles Purdy and William Brindley, who are charged with carrying a large number of bombs out of the north, were bound over for trial in Idaho yesterday by the United States Court, and will be taken to that State, and tried at the next term.

**New Telephone Franchise.**  
Upon application of the Downey Home Telephone and Telegraph Company, the Board of County Supervisors yesterday decided to advertise for a telephone and telegraph franchise to cover the townships of Norwalk, Downey and Los Angeles, with the exception of the city of Whittier.

**Charged With Battery.**  
Stefan Kilibarda was arrested last night on the charge of battery. A warrant for the man's arrest has been out for two days, but the officers were unable to locate him. He was picked up on College street by a patrolman. The complaining witness is Annie Kobacevich. His bail was fixed at \$25.

**Maps for Record.**  
Maps were accepted for record and the Board of Supervisors yesterday decided to accept the following new tracts: Central Avenue Addition to Claremont, St. Louis Extension tract, Trevelyan tract, Central Villa tract, Cherry View tract, Willey tract, East Seventh-street tract, Beverly Hills.

**Mrs. Booth's Lecture.**  
Maud Hailington Booth will be heard at Simpson Auditorium tonight in one of her well-known lectures upon prison work and present-day systems of reformation. She is doubtless the foremost woman in the world in this field of investigation, and her talks are replete with unusual stores of information.

**Packing-house for County Farm.**  
The Board of Supervisors yesterday decided upon the erection of a fruit packing-house at the County Farm. It is claimed that a loss of fully \$1000 was sustained last season because of the lack of cars and storage for oranges, and that the packing-house was soon paid for itself. The farm shipped twenty-eight carloads of oranges last year. Supervisors decided to prepare plans for the building.

**Bulkhead Application.**  
Application has been made by C. E. Smith, Henry R. Smith and E. W. Clemer for permission to build a bulkhead and wharf in front of block 16, Wilmington. A map will be exhibited in the office of Capt. Amos A. Fries, Citizens National Bank building, until a week from Wednesday, and objections on the ground of navigation interference, if there be any such, will have until that time to file their protests.

**New Farm Superintendent.**  
G. S. Clark's resignation as superintendent of the County Farm was accepted yesterday by the Board of County Supervisors, and D. A. Chick of Los Angeles was elected to this position. Clark has held the place for the past three years, having been appointed after the election of A. L. Graham as Supervisor. The new appointee is the selection of Supervisor Eldridge. He has had ten years' experience as a farmer and is also a fine accountant.

**Let's Lights Boulevard.**  
An up-to-date improvement in an outlying subdivision has been completed by Arthur Letts. It consists of a full set of boulevard lights encircling his Hollywood-avenue tract in East Hollywood. The tract faces on the car line and lies immediately in front of the Letts residence on the hill, a driveway to the house dividing it into two equal parts. This driveway is lighted right up to the house, and presents a striking appearance at night, as it is the only stretch of roadway in that section so lighted.

**Almost Asphyxiated.**  
Richard Earl, an amateur boxer, who runs in a lodging house west of the Third-street turnpike, narrowly escaped asphyxiation yesterday afternoon. He had entered the bathroom and his prolonged stay alarmed his friends. They burst open the door and found Earl lying apparently dead on the floor. The gas heater was burning and his window of the room was tightly closed. It is supposed the gas consumed the oxygen from the air in the room and the man was overcome. With the aid of a physician he was restored.

AUTO EXHIBIT OPENS.

First Event of Kind on Pacific Coast
in Complete Readiness for Visitors
When the Mayor Presses Button.
Large Crowd Attends.

THE first automobile show ever held on the Pacific Coast and
the largest west of Chicago was opened last night in Morley's
Rink, Grand avenue between Ninth and Tenth streets.
Ninety-nine cars were on the floor for the opening night. Of these,
two were electric, and all the rest gasoline. They represented the
thought and workmanship of forty-six factories, and three of the
plants whose products were shown are situated in Los Angeles.
The value of the cars on exhibition fell just short of a quarter of a
million dollars.
Ten thousand electric lights are in the ceiling, and a greater
number again in the various exhibits.
The estimated attendance for the first three hours of the show
was 3000.
More cars will be added every day as the express shipments from
factories reach the city. Seven are expected today.

As hundreds of people crowded the aisles and the booths of exhibitors, Mayor Harper last night turned on the many thousands of electric lights and formally opened the first automobile show ever held on the Pacific Coast.

HIS JOB IN DANGER.
Union Labor Gang Accuses Editor of
It's Organ of Grafting With the
Sheet's Space.

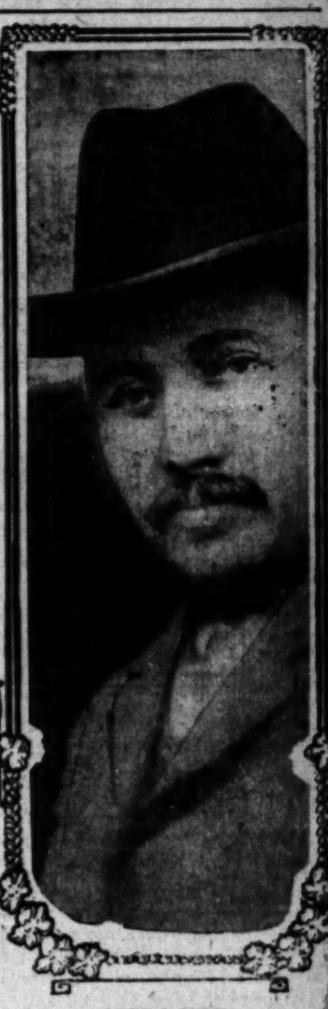

H. J. L. Atwood, erstwhile editor and
manager of the Union Labor News,
more recently simply manager, seems
likely to become nothing at all at any
moment.
Labor-union headquarters are buzz-
ing with the scandal which is attach-
ing itself to the name of Atwood, and
the question of what shall be done to
the once beloved "Harry" is being dis-
cussed behind closed doors.
Such a favorite was Atwood with the
union-labor crew that they gave him
two jobs on their local official organ,
at a salary of \$50 per week. That sal-
ary, according to the stories that are
being told, did not prove sufficient for
ordinary needs and a piano, wherefore
the piano was paid for in advertise-
ments, while the salary was devoted
to other purposes. The piano was for
Atwood, and not for the Union Labor
News. It had not been thought that
the smoothly-groomed and nicely-fat-
tened editor-manager would do such
things, hence there is much gnashing
of teeth over the alleged revelations
in regard to conduct unbecoming to
Public Ownership party candidates.
Besides the loud howls there are
whispers. Atwood is connected, not by
name, but by an emphatic phrase,
which in the past few days has come
to stand for it, with the mysterious
disappearance of \$500 of the P.O.P.
campaign fund. Somebody got it with-
out accounting, and it is alleged that
Atwood helped.

H. J. L. Atwood stands in great dan-
ger of losing the other half of his
job.

Mrs. Blanche Place, richly gowned
and said to be intoxicated, was taken
in a patrol wagon to the Central Police
Station late yesterday afternoon. In her
handbag she carried the ashes of her
late husband, William E. Place.
Of all the strange things that have
been taken from the persons of prison-
ers, this little incident can with its in-
scriptions, "William E. Place, January
23, 1906," be the strangest. The woman
who carried it was apprehended by two
patrolmen on Main street. Her condi-
tion, the police say, was such that it

"PETE" HEARS
FROM BOARD.

San Fernando Road Boss
Leaves Levee Up.
Ranchmen in Difficulties to
Struggle On.
Flood-Water Problem Not
Easily Solved.

Shall an ordinary road overseer, even
though something of a politician, over-
ride the expressed orders of the Board
of Supervisors of Los Angeles county,
to which he owes his job?
Will "Pete" Lopez, backed by vari-
ous and sundry San Fernando ranch-
men, be able to maintain a storm-
water levee in the center of a county
highway, when the Supervisors deliver
a written order that it must be pulled
down?
Maybe so; but the Board of Super-
visors is inclined to think not.
The latest chapter in the San Fer-
nando storm-water feud came to light
yesterday before the Board of Super-
visors. A week ago petitions and per-
sonal statements reached the board re-
garding the conditions at San Fernan-
do. Ex-Sheriff John Burr made com-
plaint against the obstruction which
had been erected at Seventh and Blau-
son avenues, in the public highway, by
citizens, through the advice and aid
of Road Overseer Lopez; and a petition
signed by numerous landowners asked
that the water be placed in a definite
channel. Those opposing Burr were
headed by T. J. Walker, the San Fer-
nando bank cashier, whose small tract
of land has been saved from the flood
by the new dike on the highway.
At that time Burr threatened to sue
the county for damages in case further
rain came before the levee was re-
moved, if the storm water cut channels
in his orchards.
The Supervisors denied all knowledge

PETE LOPEZ,
the San Fernando road overseer and
politician, who defies the Board of
Supervisors.

of the building of the obstruction in
the highway, and ordered Clerk Mc-
Pherson to immediately notify Road
Overseer Lopez that the embankment,
which is about 500 feet long, with a
base of cacti and reinforced with brush
and earth, must come out.
Later in the week the board mem-
bers made a personal visit to the scene
of anguish, but formed no definite
conclusion as to the best course to be
pursued in diverting the storm waters;
but, of course, they expected the new-
made levee would be yanked out by the
road overseer.
Yesterday came another protest from
Burr. The cacti, brush and earth pile
are still in the highway, and the or-
der of the board has been defied by
some one by the placing of a rein-
forcement of fresh earth on the em-
bankment.
Order No. 2 issued forth from the
Board of Supervisors last evening, and
it speaks in no uncertain tones to one
P. L. Lopez, San Fernando's roadmas-
ter. The highways must be cleared,
let the storm water seek what levels
it may. That is the ultimatum.
The Supervisors are inclined to let
the San Fernando ranchmen struggle
along with their difficulties, outside of
this definite ruling, until they see their
way clear to form a storm-water dis-
trict and effect the condemnation of
some certain strip of land for this pur-
pose.
Meantime, even Pete Lopez's astu-
tice in politics cannot save him from
the wrath of a defied Board of Super-
visors if the highways are not kept
clear of artificial levees.
Supervisor Patterson, who "placed"
Lopez, yesterday thought the overseer
should be given more grace before the
board issued a second order.

## WED IN PLAZA CHURCH, WHERE ROMANCE BEGAN.

MR. AND MRS. FRED SANCHEZ BOGUE, whose romance began while dancing fantastic old Spanish measures with in the confines of the Plaza Church, not many months ago, and who were married within the portals of the same quaint old Spanish church.

Not many months ago amid the picturesque surroundings of the old Plaza Church of Our Lady of the Angels, Miss Ida Larieux and Fred Sanchez Bogue tripped merry Spanish measures, to the lilting music of the tinkling guitars.

Now, however, Miss Larieux has become Mrs. Bogue, the ceremony uniting the pair having been performed in the same quaint old church where the courting first began.

Ever since she was born, Mrs. Bogue, formerly Miss Larieux, exhibited a fondness for music, and since she was a small girl she has danced and sung and played. She is graceful, and this combined with her witchery of manner, make her captivating in her dances. She is a daughter of Mr. and Mrs. M. L. Larieux of No. 38 E. Buena Vista street, and belongs to one of the oldest Spanish families here. Born on Buena Vista street, almost in the shadow of the historic church where the nuptials were solemnized, this bride has been one of the widely admired young Spanish girls. Here, too, her mother was born. She was formerly Miss Maria Castorena, one of

the belles when Los Angeles was but a Spanish pueblo.

Graceful Miss Ida, with all the coquetry of her youth and ancestry, danced with Señor Fred Sanchez Bogue at the revival of Spanish dances in the patio of the Plaza Church, not long ago. He, a gallant from Hermosillo, and who comes of one of the proudest families there, soon lost his heart of the little beauty. Even that night, the happy couple divided their hearts and spoke.

"Yes, it will not be long," they said, "before we are united in matrimony." So what was predicted came to pass, and Mr. and Mrs. Bogue have just returned from their wedding trip, to make their home in this city.

Saturday evening Mrs. M. L. Larieux, assisted by her new son-in-law and daughter, will give a Mexican concert. They will present to their friends all sorts of charming old-time features, such as the brave dons and señoritas of the early California days used to delight in. One of the fascinating bits will be a song and dance by little Juanita Larieux, barely five years old, who dances with all the coquetry of her elders. Mr. and Mrs. Bogue will dance and sing, and there will be a Mexican orchestra.

## BOY ROBS, THEN GOES TO CHURCH.

COVINA POSTOFFICE LOOTING IS EXPLAINED.

No "Daring Escape"—Young Wilson Taps Till and Then Demurely Appears in Sunday-school—Schoolmates Hear Money Jangling in His Pockets and Tell Officers.

The robber who pilloled the Covina postoffice has been caught. He is a little boy, 14 years old. His name is George Wilson, and he is the son of a prominent Covina man.

Instead of making his "daring escape" in a flying automobile, as the yellow newspapers had it, George robbed the postoffice and then paddled off to Sunday-school where he comforted himself plumply while the officers searched the town for him.

He was caught through two of his schoolmates "telling on him" yesterday.

The postoffice was robbed about 3 o'clock Sunday afternoon. Postmaster Mathews got there just in time to see a boy running away. He chased him through the orchards but finally lost sight of him.

It was considered very mysterious that the robber could have so completely vanished. It didn't occur to anyone to look for an out-of-breath youngster at Sunday-school.

While he was making his escape, the boy rubbed by two of his schoolmates on a side street. Boy like, they tried to stop him, but their astonishment, he wrenched himself angrily away from them and hurried on. As he did so, they heard money jangling in his pockets.

Yesterday they notified Postmaster Mathews of the incident and Mathews and Postoffice Inspector Wilson went at once to the Covina school and questioned the boy.

At first he indignantly denied having had anything to do with the robbery. He said he was in church all that day. It was communion Sunday, he said, and he was there from noon until 4 o'clock. Later he changed his story and said that he was in church from 2 o'clock to 4.

His Sunday-school teacher confronted him with his testimony, that he came in hurriedly at just 2 o'clock. Then the boy broke down and confessed.

He said that he did not really enter the postoffice, he reached in through a window and got to the money drawer, from which he took about \$2. When he was taken home yesterday, he still had \$2.96 in his pockets. He said that he lost the rest running through the orchard.

He explained that he wanted the money so badly that he felt that he just couldn't help stealing it.

The postoffice inspector took him before the Covina Justice of the Peace, who allowed his parents to take him home on the assurance that he would be produced when wanted.

The Wilsons have lived in Covina for twenty years and are universally respected. The boy himself is very bright and given to rather naughty tricks.

Four thousand live stock men will be in Denver this week in attendance at the tenth annual convention of the American National Live Stock Association, the meeting of the Cooperative Live Stock Commission Company and the Western Live Stock Show, according to T. W. Tomlinson, secretary of the association.

## DON'T WANT TO BE ANNEXED.

HUNTINGTON PARK VOTES TO STAY AT HOME.

Enthusiastic Meeting Last Night Indorses Issuance of Bonds for a Municipal Lighting Plant—Unanimous Vote Against Annexation Is Received With Great Applause.

If anybody believes that the citizens of Huntington Park are clamoring for annexation to the city of Los Angeles, the meeting held last night in the public hall at that place was sufficient to destroy any such impression.

The hall was packed with citizens, and the meeting was a most successful one. The meeting was called by the City Trustees for the purpose of ascertaining the will of the people concerning the securing of a municipal lighting plant. As there has been more or less discussion of annexation, it was thought best to test that question also, and it was settled in the negative by a unanimous vote. Then the meeting unanimously voted to issue bonds in the sum of \$20,000 for the purpose of erecting a municipal lighting plant.

The meeting was presided over by D. B. Lyons, and A. J. North acted as secretary. Mr. Lyons said, in his opening address: "I congratulate the town upon the fact that the Trustees have seen fit to take into their confidence the matter of a municipal lighting plant. We are here for the purpose of discussing this one question, I feel sure we can do it without ill feeling or personal animosity. The city can borrow money at 5 per cent, to make its improvements, and I predict that in ten years property in Huntington Park will have increased ten times its present value."

The chairman then touched upon the annexation question, and declared that the subject had been mentioned in the newspapers, but that the citizens of Huntington Park weren't interested. He advocated the issue of bonds by the city of Huntington Park, said a warm tribute to the integrity and business judgment of the Trustees, and said that in twelve or twenty-five years, when the city was ready for it, Los Angeles would be glad to receive Huntington Park. The speech was received with great applause.

Mrs. Russell was the only woman to make a speech at the meeting. She declared that she had tried for three months to get the Pacific Light and Power Company to put electric lights into her house, and had not succeeded. "They want me to put up the poles at my own expense," she said, "with some show of indignation, and I believe the city of Huntington Park is large enough and rich enough to have its own plant."

Several other persons spoke along the same line, and L. C. Jones advocated the putting in of an electric plant, at a cost of \$5000, to light the streets. P. W. Jones thought the amount suggested ridiculously small.

Citizen Lenkfeld started the ball rolling for a gas plant, so that the city could have heat as well as light. The suggestion was loudly applauded. Finally, the question of gas was left in the hands of the Trustees.

## Beverly Hills

A SUCCESS BEFORE IT STARTED

Suppose not a dollar's worth of property had been sold at Beverly Hills what would have occurred?

—NOTHING.

The tremendous outlay of money, for streets, sidewalks, shrubbery, gas, electricity, water, sewer, parks, and other things, this outlay was decided upon and "signed up" long before the public knew that Beverly Hills was being contemplated.

This illustrates the difference between speculation—a subdivision where improvements depend upon sales—and a business enterprise—like Beverly Hills where improvements are made regardless of sales.

The phenomenal record of \$200,000 in sales within a few weeks, indicates what business men think of Beverly Hills as a place for their homes.

"Persistent success is proof of merit." The fact that for over fifty years the demand for Ghirardelli's Ground Chocolate has been steadily increasing, is convincing evidence of its goodness. On no other basis could our present enormous business have been built up.

Ghirardelli's Ground Chocolate contains all the natural goodness and nothing else; it is absolutely pure and has a delicacy and richness of flavor that is unique.

Sallie Van Wick, vice-president of the Anderson Driving Club, Atlanta, says: "Knowing how prevalent colds are at this season of the year, I want to tell the people of Los Angeles my experience with Vinol, the best cod liver oil preparation in the world."

"I contracted a severe cold and cough, and tried different cod liver oil preparations, and cough remedies; they only upset my stomach and gave no relief. I finally sent for my physician. He advised me to try Vinol. I found it was delicious to take, and did not upset my stomach, but it built up my general health and made me feel stronger and better than I have for years."

"If Vinol does for Los Angeles people what it did for me, it will be worth \$100 a bottle to them."

A member of the Owl Drug Company says: "The reason Vinol is so efficacious is because all the useless oil has been eliminated from the medicinal elements of cod's livers and tonic iron added, and we have never sold a remedy equal to Vinol for chronic coughs, colds, and bronchial troubles or to build up a weak, run-down system, and we will return the money in every case where it fails to benefit."

### AMBULANCE FOR DUMB BRUTES IN PASADENA.

Human Society of the Crown of the Valley Has Its Annual Meeting and Elects John D. Rockefeller to One of the Offices—Seventh Society Banquet.

Office of the Times, No. 25 E. Raymond Ave.  
PASADENA, Jan. 21.—The Pasadena Human Society held its annual meeting and election of officers in the chambers of the City Council last night. The meeting was well attended and much enthusiasm was shown by the members present. The reports of the different officers showed the financial condition of the society to be in satisfactory condition.

The officers elected for the coming year are Dr. E. L. Couger, president; S. O. Brown, vice-president; Lloyd R. Macy, vice-president; W. Scott Way, vice-president; Miss Augusta Seater, vice-president; Miss Mary Stewart, vice-president; Miss Isabel Beutner, vice-president; John D. Rockefeller, secretary and treasurer.

In the past year 618 cases involving seventy-one human beings and 589 animals were investigated. Some of the cases were found to be very serious. Two hundred and twenty animals were examined, thirty-one were relieved, fifty-four were vaccinated, and thirty were destroyed. There were thirty prosecutions, twenty-five convictions and two acquittals.

One of the most important matters taken up after the official business of the evening had been disposed of was the question of providing an ambulance for the removal of injured animals. W. Scott Way, humane officer, McAney and Dr. de Hiron all testified to the necessity for such a vehicle and it was voted to buy one at once.

"SEVENTH" SOCIETY BANQUET.

Arrangements are now under way for the annual banquet of the Southern California Society of the Seventh Regiment, N. Y. C. The function will probably be held in Pasadena some time in February, though the exact date has not been decided upon. Maj. T. M. Gibbs, U. S. A., is the chairman and H. H. Meday have been appointed a committee to see to the preliminaries.

The question of holding an annual banquet was discussed at a "mess" luncheon held in Los Angeles last Saturday and the universal sentiment was in favor of the idea. It is the aim of the society to bring together all members of the regiment, both active and veterans, in order to promote a spirit of fellowship and with this object in view "mess" luncheons will be held at frequent intervals, while once a year a banquet will be given at which occasion prominent military men from all parts of the country will be invited.

H. H. Meday of Pasadena has been one of the moving spirits in the organization of the Southern California society, and is enthusiastically working in the interest of the organization. He is a member of the famous Seventh New York regiment, and the son of a member, and up to the time that he moved to California was active in the work of the regiment.

TWO HURT.

N. Clancy, a steel worker employed on the new Chamber of Commerce building, smashed his finger yesterday morning while placing a heavy steel girder in place. He was at once taken to the Receiving Hospital, where his wounds were dressed, after which he went home. Although he will have a lame hand he will be able to return to work before very long.

J. W. Korstian collided with an ice wagon in Mercantile Court yesterday and landed in the Receiving Hospital. The rear wheel of the wagon ran over his ankle, and at first it was thought that the bones had been broken. The police surgeon, however, said that such was not the fact, however, and that the victim was suffering from nothing more than a bad bruise. He bandaged the injured member and sent the victim home to rest up a while.

HOSE NEED REPORTED.

At the meeting of the City Commissioners yesterday afternoon the question of hose for the fire department was taken up, and discussed at length. It is stated that 4500 feet of two and one-half inch hose is badly needed, and the Commissioners voted to ask the Council to advertise for bids. The request will be presented to the Council at a later date.

At a fire Sunday afternoon the hose line burst, and for a while the engine was crippled in consequence. When the new engine arrives it will be absolutely necessary to have more hose on hand, unless the purchase is made at once, the necessity will be of little use in the department.

GUARD COMPANY DEPLETED.

Company I is in need of recruits, and the commanding officer, hopes to increase the membership materially before the time for the summer encampment arrives. A meeting of the company was held last night, at which time the members present on the company's rolls are conscientious in the discharge of their duties. If the organization is to be kept up to strength, however, it is necessary that about twenty-five recruits be added.

At the time of the San Francisco earthquake the entire company turned out for duty, and made an excellent record in the north, since that time men have left, however, through expiration of their terms of enlistment. Several have moved away from the city and have secured their discharges.

AT THE HOTELS.

The following new arrivals are registered at the hotels:

Green—Mrs. Henry Suidan, Kendrick Suidan, New York City.

Maryland—Gilbert B. Perkins and wife, New York; Frank Shinn, J. P. Clark, Canton, O.; Herbert Barlow, Monterey; L. N. Crawford and wife, Mrs. Carrie E. Crawford, L. S. Hoyt, New Orleans.

Vista Del Arroyo—G. Huff Montgomery, Sandy, Nev.; H. A. Towne and wife, Minneapolis; Minn.; H. Churchill, New York; Mrs. G. H. Olney, Mrs. E. G. S. Pease, Boston; Mrs. W. N. Peabody, W. H. Peabody, Buffalo, N. Y.; William C. King and wife, William C. King, Jr., Pittsburgh, Pa.

"KEEP OFF" SIGNS.

Within the next week or ten days a new set of "keep off the grass" signs will make their appearance in the city's parks. The commissioners yesterday authorized the expenditure of the necessary money in order to purchase the signs and they will be placed in position as soon as they can be secured.

The park authorities complain that at this season of the year they have great difficulty in keeping the lawns in shape owing to the fact that people insist on walking over them.

## RECOVERIES STOLEN RIG.

Conveyance Taken by Duarte Bank Robbers is Found on Los Angeles Street.

MONROVIA, Jan. 21.—Through The Times, Joseph Fowler was soon led to the recovery of the horse stolen from him on the night of the Duarte post-office robbery. The theory of the officers that the robbers immediately drove to Los Angeles was proved correct by yesterday's developments. Saturday morning a horse was seen tied to a tree in the Duarte area, and the pound master was notified and the horse was taken care of. The article descriptive of the horse was read by the pound master and he at once entered into conversation with Mr. Fowler, who had the telephone and the horse, buggy and harness was soon in the possession of the owner.

YEGGEMEN AT WORK.

The officers of this city are not inclined to the belief that there is any connection between the postoffice robberies at Duarte and Corral, and the robbery at the Chapman Wells. The Duarte robbery gives every evidence of proofed hands. The Corral affair was the work of a different set of men. Since Saturday night he has not been seen here, but was seen at the Wells. The home of Engineer Booker was broken into and two watches and a pearl-handled revolver were taken, but \$400 in jewelry was overlooked.

WILD CATS NUMEROUS.

Wild cats are numerous in the canyons in and about this city. The excessive rains in the mountains have driven them down nearer the foothills than usual, and the ranchers are feeling their presence in the destruction of fowls. Prof. Cross has experienced quite a little trouble and is a firm believer in inviting hunters to work the canyons. They are not as cunning as usual and venture out at almost any time of day or night. Cats weighing at least fifty pounds have been seen.

PETERSON IS FINED.

Nels Peterson, the saloon keeper of Arcadia, who was recently convicted in the courts here of selling liquor to a minor, was today fined \$200 in Justice Glover's court. Earl Rogers of Los Angeles argued for a new trial, but the motion was overruled, although the judge admitted that he thought the complaint to be privileged to empanel a jury did not come to the power to grant a new trial. The complaint against the defendant in this case was made by Deputy Sheriff J. P. Miller as deputy constable. An appeal was taken to the Superior Court and bail fixed at \$200. This was readily secured.

MONROVIA NOTES.

The savings bank of this city held its annual meeting Saturday. The following officers were elected: officers: President, J. E. Garza; cashier, W. A. Chas. There was no election to fill the vacancy of vice-president, caused by the death of the late Mr. J. E. Garza. Effective today a closed-pouch service was put on the Pacific Electric road between this city and Los Angeles. Mail leaving at 1:30 p. m. and returning at 1:30 p. m. This was in response to the appeal of the Board of Trade.

INDIGNATION MEETING.

SAN DIMAS, Jan. 21.—The unfortunate stockholders of the defunct San Dimas Cooperative Association are experiencing strenuous times. Two years ago when the "Co-op" collapsed, the assets were transferred to the Los Angeles Wholesale Board of Trade, which disposed of the property, but the liabilities exceeded the assets by \$227 and a demand has been made upon the stockholders for the balance. A suit is threatened if this is not paid by February 1. An indignation meeting was held on Saturday night, when the majority of the stockholders agreed to employ attorneys and fight the case to the bitter end. It was alleged at the meeting that many of the accounts owing to the association were still unpaid, and ought to be collected, that one man noted for his long prayers in regard to the matter, to the credit of the Wholesale Board of Trade declined to give any statement of the liabilities and cash payments of the estate until final settlement had been made.

AVAILON'S NEW WORKFARE.

AVAILON, Jan. 21.—Workmen began setting up the pile driver this morning preparatory to the construction of the proposed wharf at this date, has greatly augmented the underground water supply and water is rising in the wells throughout the locality. This increase will continue for some time as there is twice the usual quantity of water in the canyons and much snow on the mountains which will gradually melt until midsummer. A special union Junior O. E. meeting for the local societies was held at the Christian Church yesterday afternoon at which Miss Mabel Austervall, junior superintendent of Los Angeles, was the principal speaker.

Ranchers here are getting ready for much plowing and the sowing of grain which the long-continued rains have helped. A greater acreage of grain will be sown about here this season than ever before.

Mrs. Rae Brown and sister, Miss Stevens, left for Quincy, Ill., Saturday night, having been called there by the illness of their father.

Miss Leora Warren gave a musical at the home of Prof. S. F. Widner Saturday afternoon.

A series of revivals, all the churches of the city will be conducting the same. The revival at the Methodist Episcopal Church Thursday.

The delinquent tax list for the city of Azusa, as published, is not so hard to be discovered by a microscope. There are only forty-one delinquents and this is a half less than a year ago.

SECRET MARRIAGE REPORTED.

ALTADENA, Jan. 21.—A dispatch received here today announces the marriage of Miss Selma Vierack, an heiress of this town, to Milton Loewen, son of Dr. Loewen, a wealthy St. Louis brew manufacturer. The ceremony took place at Fort Worth, Tex., on Saturday. The couple are well acquainted in Chicago at the World's Fair. It is stated that news of the wedding came as a surprise to the parents of both bride and groom, but that all interested parties are pleased with the union.

### SIGN ARCADIA LEASE.

Santa Monica Hotel has Actually Passed Into Military School Institution.

SANTA MONICA, Jan. 21.—The lease was signed today and the California Military Academy has taken possession of the Arcadia Hotel, which will be opened on Wednesday morning as a military school. The school is to be conducted by a corporation composed of local capitalists and as the enrollment increases the faculty is to be so enlarged that there will be one tutor for each squad of ten pupils.

The Arcadia is owned by the Pacific Improvement Company of San Francisco and has been held by the company ever since it was completed in 1894. During the past five years it has been under the management of A. D. Wright, now of Berkeley.

SANTA MONICA BREAKERS.

Roy Jones arrived here this morning from his visit to San Francisco. Mrs. Oscar Barrett has returned to the beach from a visit to Antonio, Tex., where she had been visiting for several months.

The week's building permits numbered thirty and the city engineer has aggregated contract price of \$23,580. One of these was for a Palmdale bungalow for H. M. Gorham. It will cost \$16,000.

Mrs. Percival Winnett of Los Angeles is a beach visitor for a couple of weeks.

Capt. Thomas has relinquished the command of the steamer State of California to Capt. W. Hall, who has been plotting craft through the waters of the Pacific during the past quarter of a century. During the past five years Capt. Hall has been in the San Francisco-Alaska run, but for twenty years before that had traveled the southern currents.

"REAPER" BUSY THERE.

SOLDIER'S HOME, Jan. 21.—The "REAPER" has been unusually active in the home for the thirty hours between Saturday morning and Sunday night. In fact, the reaper was so busy that it was crowded the little morgue, and, adding, incidentally, to argument of the new morgue asked for in the list of appropriations for the next fiscal year.

One of the deaths noted in yesterday's Times' correspondence—Brown occurred early on Saturday. The others followed at intervals until Sunday morning, when the reaper was busy again. The undertakers and assistants, with but little time for rest.

James Cole, a native of Wisconsin, admitted from Los Angeles in 1892; died January 19, aged 58.

James Smith, late Co. D, Fourth California Infantry, a native of Ireland, admitted from Fresno in 1894; died January 19, aged 70.

James Cole, late Co. E, Ninety-sixth Illinois Infantry, a native of New York, admitted from Los Angeles in 1900; died January 20, aged 75.

Coronado for outdoor sports.

POMONA WELLS FILL.

POMONA, Jan. 21.—The rainfall for the season here, amounting to 17.1 inches, as against 34 last year at this date, has greatly augmented the underground water supply and water is rising in the wells throughout the locality. This increase will continue for some time as there is twice the usual quantity of water in the canyons and much snow on the mountains which will gradually melt until midsummer.

A special union Junior O. E. meeting for the local societies was held at the Christian Church yesterday afternoon at which Miss Mabel Austervall, junior superintendent of Los Angeles, was the principal speaker.

Ranchers here are getting ready for much plowing and the sowing of grain which the long-continued rains have helped. A greater acreage of grain will be sown about here this season than ever before.

Mrs. Rae Brown and sister, Miss Stevens, left for Quincy, Ill., Saturday night, having been called there by the illness of their father.

Miss Leora Warren gave a musical at the home of Prof. S. F. Widner Saturday afternoon.

Go to Coronado, perfect climate.
